

HYDROEUROPE TEAM 1

DAILY REPORT

DATE 24/02/2010
REPORT EDITOR Jelena
PRESENTS Patrice, Zoubir, Byein Seong je, Mhenga, Lukman, Felipe and Jean-Philippe

Meeting presents: all team members were present.
It is the third day of face to face period in Nice.

Hydrology sub team

Hydrology sub team worked on engineering report.

Hydraulic sub team

Hydraulic sub team worked on MIKE FLOOD model in order to successfully couple MIKE 11 and MIKE 21 models. GIS sub team member's join as in addition to improve chance to run MIKE FLOOD. With Julie support we managed to run model. THANKS JULIE!!!!!!!!!!

We have observed flooded areas. ☺

MIKE SHE sub team

MIKE SHE sub team worked on engineering report and on MIKE SHE model. Results of MIKE SHE were delivered to hydraulic sub team. Also the outline of an engineering report is done by now and it will be uploaded on website.

Slides for second presentation subject are in process.

The main issue for second presentation is interpretation of results correctly. ☺
