

Date: 8th January 2010.
Place: Nice, France

Present:

Jelena
Zoubir
Patrice
Seong je

Members of team 1 in Nice gathered and had a meeting.
Discussion was regarding the topics for next meeting (13th of January 2010, 19h France time).
Topics are as follows:

1. Team rules – Zoubir take an initiative to prepare the page for team rules
2. Discussion about work that is done - Hydrological sub-time and GIS sub-time, what is their dynamic plan, difficulties they have, etc
3. Defining the deadlines for finishing the work
4. Suggestion that scientific work should be done by 22th of February 2010
5. Choosing the person for writing meeting reports
6. Choosing the person to arranging the website

Some of the team 1 members are not attending the meetings. Presents on the meeting are necessary and contribution from every team member.

I am aware that there are lectures going on in every location but meeting is just one hour in duration and I think that everybody can put an effort to remain present.

What	Who	When
Team rules	Zoubir	Till Friday 15 th of January 2010.
Cover page for website	Jelena	Till Friday 15 th of January 2010.

Hope to see everyone on 13th of January 7pm (France time).
