

## HYDROEUROPE TEAM 1

# WEEKLY REPORT

**DATE** 20/01/2010  
**REPORT EDITOR** Jelena  
**PRESENTS** Jelena, Zoubir, Patrice, Mhenga, Lukman, Jean-Philippe, Felipe

Seven members out of ten were present on weekly meeting.

### Hydrology sub-team

Prepared work plan for hydrological analysis. We agreed that Jean-Philippe should upload work plan on website.

Zoubir will make in surfer interpolation of rainfall.

Patrice will make in GIS interpolation of rainfall.

Jelena calculated runoff for catchment using rational method. File is uploaded on website.

### Team visibility

By now website has cover page, team rules page, communication page and documents page.

Also the page with team member's pictures along with the short intro text for each team member will be prepared. Due to Felipe's exam period he offered to participate with creating page with the team members pictures and after 2<sup>nd</sup> of February he will be able to contribute more..... ☺

### Reminder for all team members:

Check your mail every day,

Do your best to finish engineering part before face to face activities (Nice 22.02.-07.03.2010.)

Do not forget meeting, every Wednesday at 7pm (France time).

I hope I'll see everyone next Wednesday 27.01.2010. 7pm (France time)

What	Who	When
Rainfall interpolation Kriger	Zoubir	~during the week
Rainfall interpolation Tisien	Patrice	~during the week
