

Team 1 - HydroEurope 2010

Summary of the 1st Weekly Meeting

Date/Time : 21st December 2009 / 12.15 France time

Media : Skype

Attendance : 5 members

1. Members introduction

The first meeting was started with a brief introduction by each team members who were here. The team 1 of HydroEurope 2010 comprises in total 10 members come from different countries and study program. The summary of some team members is presented in the following table:

Name	Surname	Country	Study
ALIMI	Lukman	Germany	Environmental Management Master
BATICA	Jelena	France	Master in Hydroinformatics and Water Management
BOUCHET	Pat	France	Master in Hydroinformatics and Water Management
BYEON	James	Korea	Civil Engineering
MHENGA	Fikiri	Belgium	Water Resource Engineering

2. Tasks Division

The task should be categorized into: GIS modelling, hydrological analysis, Mike 11 and Mike SHE modelling, reporting, final reports and presentation.

The tasks have been divided to the members as follows:

James, Pat : ArcGIS

Mhenga, Lukman : hydrological analysis

Jelena : Mike 11

Of course the other members of the team can join an existing group and complete the future tasks.

3. Team Leader selection

After a short introduction among team members, we decided to select a team leader for the team 1. The selection process took a short time because all the members have only one name to be opted, and that is: **JELENA**!!

The following meeting will take place the 6th January at 12h15 (France time)!!

Merry Christmas and Happy New Year 2010 !!!!!!!!!
