

Daily Report 8

Date: 3rd of March

Topics of the day

1. **ISIS** :

We finished the structural analysis and wrote the report.

2. **Website:**

Gonzalo adapted the website lay-out and added some extra information/pages.

3. **Mike11:**

We wrote the report.

4. **Presentation special topic:**

Roland made an general outline for the presentation. We divided the slides between different team members.

5. **Engineering report:**

Tomorrow, all parts of the engineering work will be put together to achieve our final report.

6. **Collaboration report:**

For the collaborative report, we decided to make a team movie. Every team member will answer one specific question on the HydroEurope experience.
