

# Weekly Report 8

---

**Date:** 15th of February, 8pm

**Present:** Morgan, Amine, Jose Luis, Thai, Masato, Gonzalo and Evert.

## Update Tasks

- The work done this week by each teammember was presented and evaluated.

## Presentation

- Prof. Gourbesville indicated that each team should make a small presentation of the team and the work done in the web collaboration period. The presentation should only take 10 minutes.
- We agreed each descriptive slide should consist basically of:
  - Situation of the problem
  - Methodology description
  - Results
  - Discussion of results
- Division of slides:

Topic	Number of slides	Who?
Team presentation	2	Evert
General objectives web collaboration	1	Evert
Schedule of achievements web collaboration	1	Evert
GIS	2	Amine and Morgan
Hydrological work	2	José, Poh, Roland and Masato
What's next?	1	Evert
Bringing everything together		Roland

- All slides have to be sent to our president, Roland, at least **this Thursday 18<sup>th</sup> of february**

## Next meeting

This was our final net meeting before the face-to-face meeting in Nice. See you there! Let's have a great time! Thanks.
